DISCUSSION:

The petitioner, Los Angeles City – Harbor Department, is requesting the City to change the name of the existing public street portion of Harbor Boulevard between Crescent Avenue and approximately 120 feet northerly of 9th Street as shown colored red on the attached Exhibit "A", and to change and establish it as Miner Street.

The future portion of Miner Street from approximately 120 feet northerly of 9th Street to Point A as shown on Exhibit A will be dedicated in the future as a public street under the name of Miner Street in a separate City Action.

The Harbor Department at this time, under City Engineer B-Permit No. BR-600491 is constructing and realigning the existing public right of way of Harbor Boulevard and the private street portion of Sampson Way. Upon completion of the construction, Harbor Boulevard (public) will transition into Harbor Boulevard (private) at approximately the location of Point A as shown on Exhibit "A". At Crescent Avenue, the public street portion of Miner Street will transition into the existing private street portion of Miner Street. A separate action currently being processed will establish the name of the private street portion of Harbor Boulevard as shown on Exhibit "A".

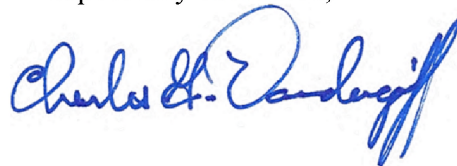

This public street name change to Miner Street is to accommodate the corresponding private street name change to provide the continuation of Harbor Boulevard as the main scenic route along the L.A. Waterfront.

The abutting property owners were notified of the proposal for the name change of Harbor Boulevard to Miner Street. No objections to the proposed name change were submitted to our office.

Upon adoption of the Ordinance by the City Council, the adjoining property owners and concerned agencies will be notified of the street name change.
