

MOTION

The Fifteenth Council District (CD 15) has received a request to donate one van to East Side Riders Bike Club, a 501(c)(3) tax-exempt non-profit organization that seeks to improve Watts through community service, charity work, and bicycle programs aimed at keeping local youth of gang activity.

Section 22.547 of the Los Angeles Administrative Code provides that upon Council approval, surplus City equipment may be sold for less than market value to a non-profit organization located in the City of Los Angeles, which has been established exclusively to further the services provided by the City and its departments. East Side Riders Bike Club is located at 218 West 121st Place in the City of Los Angeles. The donation of one van will further East Side Riders Bike Club's humanitarian purposes and benefit residents of the City by enabling the transportation of more bicycles and engaging more youths within the City of Los Angeles. Providing for the transportation of bicycles advances East Side Riders Bike Club's mission of improving Watts through bicycle programs aimed at keeping local youth of gang activity. The fair market value is \$2,573, which will be foregone revenue should it be donated.

I THEREFORE MOVE that the City Council:

1. Find that East Side Riders Bike Club is eligible to purchase one 2004 Chevy Astro Panel Van (VIN# 1GCDM19X64B126725) at below market value (\$1.00) in accordance with LAAC Sec. 22.547 (Donation of Surplus City Equipment), as the recipient is a non-profit organization that has been established exclusively to further the services provided by the City; and
2. Request the City Attorney to prepare a contract to effectuate the sale and transfer of the above identified surplus equipment at below market value to East Side Riders Bike Club; and
3. Instruct the City Clerk to inform East Side Riders Bike Club [Liroy Williams, Vice President, (323) 420-7091, 616 South 2nd Street, Los Angeles, California 91801] that the surplus equipment must be claimed within 60 days from the date of Council approval of the request after which time it will revert to the City's surplus equipment pool for disposal by the Department of General Services.
