Summary: Upon reconsideration at the Reseda Neighborhood Council General Meeting held on August 19, 2019: The Reseda Neighborhood Council supports Council File 19-0192 with its proposed amendments. This support is contingent upon the feasibility studies being expanded to the additional lots as stated in the proposed amendment, as well as investigating all other City-owned parking lots throughout Council District 3 for these purposes. In addition, the Reseda Neighborhood Council requires transparency during these processes so we may keep our stakeholders fully informed on any possible and/or proposed impacts to our Community; and that such feasibility studies include independent economic impact analysis (including but not limited to the public availability of study data published for immediate public review).
