

MOTION

On March 8, 2019, the Bureau of Engineering received an application for the vacation of I Street northerly of Anaheim Street from Eubank Avenue to its easterly terminus in Wilmington. (VAC - E1401357). The petitioner's, Guillermo Ramirez, stated purpose for the vacation is to "continue to occupy and use vacation area for applicant's trucking business as applicant has done for the past twenty (20) years."

The Bureau Engineering is now seeking authorization to initiate vacation proceedings and begin investigating the feasibility of this vacation request. California Streets and Highways Code §8320(a)(2) provides that the initiation of vacation proceedings upon petition or request is "at the discretion of the legislative body." It is appropriate for the Council to exercise its discretion and deny the petitioner's request to initiate vacation proceedings.

I THEREFORE MOVE that the Council DENY the petitioner's request (VAC- E1401357) to initiate street vacation proceedings of I Street northerly of Anaheim Street from Eubank Avenue to its easterly terminus.

I FURTHER MOVE that the Bureau of Engineering be directed to notify the petitioner, Guillermo Ramirez, of the Council's action and refund any unused portion of the fee deposit.
