

MOTION

PUBLIC SAFETY

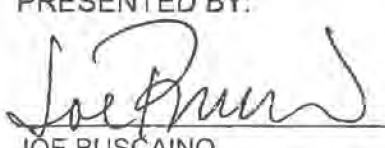

Nipsey Hussle, a Grammy-nominated rapper was shot and killed on the afternoon of Sunday, March 31, 2019, in broad daylight outside his store in South Los Angeles.

While homicides citywide remained down in the first three months of the year compared to the same period in 2018, the week preceding Hussle's murder saw a spike in shootings, with 26 victims shot and 10 homicides, in what LAPD Chief Michel Moore described as "a troubling surge in violence."

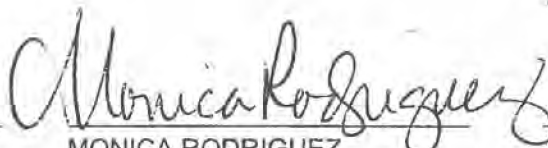

There has been a disturbing uptick in gang-related shootings in South LA and the Harbor Area. It is imperative that the City look into what can be done to address this surge, especially before the summer begins, which is traditionally the time of year that experiences the highest incidence of shootings and gang-related activity.

WE THEREFORE MOVE that the Los Angeles Police Department and Mayor's Office of Gang Reduction and Youth Development be DIRECTED / REQUESTED to report to Council on the recent surge of violent crime in the City, and the Departments' strategy for responding to the increase.
