

MOTION

The Orange Line Station at Van Nuys Boulevard provides vehicle parking for riders who utilize public transportation. There appears to be underutilized parking in the lots owned by Metro, and the opportunity may exist to use the space to for a Bridge Home facility. With the ongoing homeless crisis, City staff be instructed to evaluate the properties and report on its availability and feasibility to be utilized as temporary crisis bridge housing.

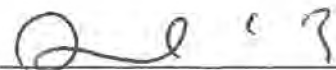

I THEREFORE MOVE that the City Council instruct the City Administrative Officer, with the assistance of the Chief Legislative Analyst, the Bureau of Engineering, the General Services Department, the Department of Building and Safety, the Los Angeles Homeless Services Authority, and any other affected City department, to work with Metro to evaluate the availability and feasibility of the property near 14333 Aetna Street (near the intersection of Aetna Street and Tyrone Avenue) to determine if the property is suitable and could be available for use as emergency shelter as part of the "A Bridge Home" program; and

I FURTHER MOVE that if any of the properties are determined to be available and suitable for A Bridge Home, the City Council instruct the City Administrative Officer to coordinate with the appropriate City departments to coordinate with Council District 6 to ensure community outreach and identifying the funding sources such as but not limited to HEAP, Measure H, and Prop HHH, and partners needed to proceed with site development and operations.
