Summary: We the North Westwood Neighborhood Council oppose Council File 19-0623. We believe the City of Los Angeles can more effectively address the housing and homelessness crises by streamlining and fast-tracking the permitting and approval process rather than imposing new regulations and taxes. We also believe that a vacancy tax will create a disincentive for the development of housing and that the resources needed to support a ballot measure will dilute efforts to promote new supply. We encourage the City of Los Angeles to prioritize increasing density through up-zoning, especially along mass transit corridors, to address our housing affordability and homelessness crises.
