SUMMARY

At its regular meeting held on January 22, 2020, the Information, Technology, and General
Services Committee considered Motion (Blumenfield - Rodriguez) relative to the feasibility and
costs associated with providing feminine hygiene products at no cost to patrons at all restrooms
located within City-owned facilities. The RAP has reported that free feminine hygiene products
are made available to City camp participants, and that park patrons rely on purchasing
feminine hygiene products from machines at minimal cost.

After providing an opportunity for public comment, the Committee moved to approve
the recommendation contained in the Motion, as detailed above. This matter is now submitted to
the Council for its consideration.

Respectfully Submitted,

INFORMATION, TECHNOLOGY, AND GENERAL SERVICES COMMITTEE
