

## MOTION

Nearly ten years ago, on November 25, 2009 the Council adopted a Motion (Cardenas-Perry), Council File No. 09-2032, instructing the Planning Department, in coordination with the Department of Transportation, and the Bureau of Engineering, to prepare and present the necessary documents and plan amendments to the 'Streets and Highways Designation Map' of the Transportation Element of the General Plan to re-designate various streets— Hayvenhurst Avenue; Valjean Avenue; and Vanowen Street to 'Modified Industrial Local' and 'Modified Secondary Highway.'

In addition, the Motion instructed the Planning Department, Bureau of Engineering, and Department of Transportation to refrain from requiring dedications or street improvements to Industrial Local and Secondary Highway standards in connection with any proposed private or public improvements on Hayvenhurst Avenue; Valjean Avenue; and Vanowen Street.

Ten years ago, when the Motion was adopted, the recommended approach was a General Plan Amendment to address modifications to street designations. Today, however, this is being addressed via Community Plan Update efforts. Beginning in the Summer of 2017, the Planning Department has been working on updates to the *Reseda-West Van Nuys Community Plan*, which covers the streets around Van Nuys Airport. Concept meetings and Environmental Impact Report (EIR) scoping meetings have been held, and the comment period for the Notice of Preparation of a Draft EIR closed in May 2019.

Since the Council's directives in 2009, the root solution is underway via the aforementioned update to the *Reseda-West Van Nuys Community Plan*, but a year or so in the planning process remains. In the meantime, time is of the essence, and as such, four additional streets not captured in the Council's directive in 2009 need to be included.

**I THEREFORE MOVE** that the Council instruct the Bureau of Engineering to waive the following street dedication/improvement requirements for Los Angeles World Airport properties at Van Nuys Airport, in order to prevent any unforeseen construction delays:

1. Hart Street (South side), from Valjean Avenue to Sophia Avenue.
2. Sophia Avenue (West side), from Hart Street to Gault Street.
3. Gault Street (North side), from Valjean Avenue to Sophia Avenue.
4. Hart Street (South side), from Hayvenhurst Avenue to cul de sac East of Hayvenhurst.
