SUMMARY

At its regular meeting held on September 9, 2019, the Budget and Finance Committee considered Motion (Huizar - Martinez) relative to the below market value sale of one surplus 1996 Seagrave Triple fire engine (VIN 1F9EC28T6TCST2098) with accompanying equipment and turnout gear.

The Motion states that the City of Jerez, in the State of Zacatecas, Mexico is currently experiencing its fire season and has been afflicted by numerous brush fires. Without the proper equipment, firefighters will be unable to effectively respond to this emergency, causing lives to be endangered. The LAAC provides that upon Council approval, surplus City equipment may be sold for less than market value to a foreign government responding to an emergency. The fair market value of the 1996 Seagrave FT Triple fire engine is \$10,000, and the fair market value of the accompanying equipment is \$5,000, which will be foregone revenue should it be donated.

After providing an opportunity for public comment, the Committee approved the recommendations in the Motion regarding the below market sale of a one surplus and equipment to they City of Jerez. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,
