RE: Council File: 19-1120

Councilman Curren D. Price Jr.
4301 S. Central Ave
Los Angeles, CA 90011

Via Email

Dear Councilman Curren D. Price Jr.,

The Voices Neighborhood Council on 12/10/2019 voted unanimously to SUPPORT IF AMENDED, City Council File 19-1120, which instructs the Department of Cannabis Regulation to report on the activities of testing laboratories within Los Angeles and elsewhere in California as they relate to cannabis product safety and public health and make recommendations for steps that the Council should take to compel the cannabis industry to remove all known threats to public health from cannabis vaping products. The motion also requests that the City Attorney draft an ordinance that will prohibit the sale of all cannabis products and associated accessories used for vaping within the City of Los Angeles for one year, and to require renewal of that prohibition each year unless and until the Council affirmatively finds that particular cannabis vaping products have been determined safe for consumer use.

Voices NC will support the proposed ordinance if it is amended such that the prohibition of the sale of all cannabis vaping products and accessories within the City of Los Angeles be limited to six-month intervals unless and until cannabis vaping products have been determined safe for consumer use.

We thank you for your attention to this matter and appreciate your commitment to strengthen our community.

Sincerely,

Steven J. Nieto, MA
