Summary: Planning Dept. Los Angeles World Airways Los Angeles Dept. of Water and Power Re: Support for Consolidated Rental Car Facility / Air Pollution Reduction / Electric Vehicle Availability (CF 19-1586) To the City, At the Feb. 26, 2020, meeting of the West Los Angeles Sawtelle N.C., the Board of Directors voted 9-0-0, to request that the City support the proposed Consolidated Rental Car Facility / Air Pollution Reduction / Electric Vehicle Availability (CF 19-1586), and authorize the Chair to submit Community Impact Statements in the future. The motion proposes to increase to 80% of car rentals are electric, and to add charging stations in the city (museums, malls, destinations). Facts and background: 1. Only 200 chargers are proposed for the facility (of 18,000 parking spaces), which may be insufficient for demand. Findings and justifications: 1. Increase in electric vehicles will reduce pollution and greenhouse gases, and improve public health via less particulate matter and smog. 2. NC Sustainability Alliance is promoting this motion. Ex parte communications: None disclosed by any committee members. Disclosures and conflicts of interest: None disclosed by any committee members. To government agencies: Only the Chair and designated Boardmembers may testify to public agencies on behalf of the West L.A. Sawtelle NC. The Board requests that the Council Office and private/non-profit entities do not testify or speculate on behalf of the NC. /s/ Jamie L. Keeton Jamie L. **Re: Support for Consolidated Rental Car Facility / Air Pollution Reduction / Electric Vehicle Availability (CF 19-1586)**

To the City,

At the Feb. 26, 2020, meeting of the West Los Angeles Sawtelle N.C., the Board of Directors voted 9-0-0, to request that the City support the proposed Consolidated Rental Car Facility / Air Pollution Reduction / Electric Vehicle Availability (CF 19-1586), and authorize the Chair to submit Community Impact Statements in the future.

The motion proposes to increase to 80% of car rentals are electric, and to add charging stations in the city (museums, malls, destinations).

Facts and background:

1. Only 200 chargers are proposed for the facility (of 18,000 parking spaces), which may be insufficient for demand.

Findings and justifications:

1. Increase in electric vehicles will reduce pollution and greenhouse gases, and improve public health via less particulate matter and smog.
2. NC Sustainability Alliance is promoting this motion.

Ex parte communications: None disclosed by any committee members.

Disclosures and conflicts of interest: None disclosed by any committee members.

To government agencies: Only the Chair and designated Boardmembers may testify to public agencies on behalf of the West L.A. Sawtelle NC. The Board requests that the Council Office and private/non-profit entities do not testify or speculate on behalf of the NC.
