Summary: The South Robertson Neighborhoods Council supports this Motion because Los Angeles needs a dramatic increase in low-income, affordable, and mid-range work-force housing. A potential solution is social housing -- built and owned by the government and managed by entities like nonprofits. Social housing is generally mixed income, adequately served by public transportation, has access to amenities and shops, is regulated to deter discrimination, and is self-financed after the initial public investment, with tenants paying rent on a sliding scale. There is an urgent need for stable and affordable housing for thousands who pay more than 50% of their income on rent in our city. In addition to those being forced onto the streets due to high rents, there are thousands more who are housing-insecure due to the COVID pandemic. We support this effort pending a review of a fiscal study that proves the viability of the concept.
