Item Number:

Summary: NoHo NC Position: SUPPORTS the motion to alter the RSO formula as described in Council File 20-0200. This vote was taken at a Brown Act compliant meeting on March 10, 2021 and passed by a vote of 14-0-0, with 6 members not present. See attached statement for more details.

NoHo Neighborhood Council's Community Impact Statement in SUPPORT of CF 20-0200: Rent Stabilization Ordinance / Consumer Price Index / Rent Increases / Rent Freeze / Amendment

NoHo NC Position: SUPPORTS the motion to alter the RSO formula as described in Council File 20-0200. This vote was taken at a Brown Act compliant meeting on March 10, 2021 and passed by a vote of 14-0-0, with 6 members not present.

In service of keeping housing affordable—now more than ever—the NoHo Neighborhood Council welcomes and supports this motion to reform how allowable rent increases are calculated for rent-stabilized units. As Los Angeles is among the most rent-burdened cities in the country, this motion will help keep renters in their homes, make rent increases fairer, and bring them more in line with changes in other costs of living.

Currently, the City's Rent Stabilization Ordinance allows rents to increase at least 3% each year, even if inflation is less than 3%. According to a [UCLA policy brief](#), since 1994, inflation (as measured by the Consumer Price Index) has been under 3% almost 70% of the time. *In other words, most years, rent has been allowed to rise faster than other prices.* This has worsened the burden of rent for many residents in NoHo.

To help rectify this, the proposed motion would 1) eliminate the 3% floor and 2) peg rent increases to a fairer metric (60% of the Consumer Price Index) that would help make up for all the years of higher-than-inflation rent increases. Taking these steps would put Los Angeles in line with other cities in California with similar policies, while balancing the interests of both landlords and tenants.

Passing this motion is all the more urgent during the current pandemic and economic downturn. If the economy slows, inflation will likely rise by less than 3%, or may even fall. Yet—at a time when many renters are least able to pay—rents will still be allowed to increase by a full 3%. The emergency rent freeze currently in place for rent-stabilized units has delayed this from happening, but as soon as it is lifted, the issue will arise again.

In our city, almost two-thirds of households rent. Many have lost income and now worry about making rent each month. Making rent increases fairer is a small but vital step to help. On behalf

of our community's renters, NoHo NC urges you to pass this motion and adopt a subsequent ordinance to implement it without delay.

Thank you for your consideration,

NoHo NC
