

ORDINANCE NO. _____

An ordinance authorizing the Board of Water and Power Commissioners to award an agreement pursuant to a competitive sealed proposal method, to permit negotiations relating to the Scattergood Pershing Olympic Transmission Line Project (SPOTL Project)

**THE PEOPLE OF THE CITY OF LOS ANGELES
DO ORDAIN AS FOLLOWS:**

Sec. 1. The Los Angeles Department of Water and Power (LADWP) may enter into a contract on a competitive sealed proposal basis, as provided herein, for the SPOTL Project.

Sec. 2. Contract negotiations may be engaged in by LADWP after proposals have been opened to allow clarification and changes in the proposal. LADWP shall take adequate precautions to treat each proposer fairly.

Sec. 3. Any decision by LADWP to use the competitive sealed proposal method permitting negotiations for contracts shall be supported by a written finding and by a written statement of facts, and adherence to the rule that the contract award be made to the lowest responsive and responsible bidder is not practical or advantageous. No award may be made utilizing this method to a proposer whose final proposal is higher as to the ultimate cost to the City than any other responsive proposal submitted.

Sec. 4. Proposals shall be solicited by the issuance of a Request for Proposal (RFP) to obtain bids from qualified firms or from firms at large. The RFP shall be published in the same manner as notices for public works contracts performed by LADWP. The RFP shall state the time and place at which the proposals will be received by LADWP. Proposals received after the time and date specified shall be returned and shall not be considered. LADWP retains the right to reject all proposals.

Sec. 5. Pursuant to City Charter Sections 371(a) and (b), the following engineer-procure-construct criteria and Local Bid Preference, approved by the Board of Water and Power Commissioners, Resolution No. _____, on file with the City Clerk, are hereby approved.

Sec. 6. The engineer-procure-construct criteria for this contract award shall be as follows:

- (a) Qualifications – Bidder's proposal shall contain at a minimum the following:
 - (i) Bidder's experience in the engineering, material procurement, organizing, managing, scheduling, removal of existing cable

system, installation of high voltage 230-kV complete cable system, and testing underground transmission cable installation projects on city streets.

- (ii) Bidder's financial, labor, material procurement, and equipment resources available for the SPOTL Project.
 - (iii) Bidder's organizational and management approach in planning and achieving project objectives.
 - (iv) Bidder's safety record of Insurance Modifier Rate generally used by the insurance industry and based on OSHA reportable over the last five years.
 - (v) Whether Bidder has been debarred by a federal, state or local government agency from consideration for any contract.
 - (vi) Bidder's experience in meeting stringent environmental requirements when removing high voltage cable containing insulating oil.
- (b) Bidder's proposal shall provide proposed contract terms and conditions, and commercial factors for the SPOTL Project including:
- (i) Evaluated cost, proposal prices, estimated lump sum cost, schedule of payments, and the time value of money.
 - (ii) Capability and resources to meet schedule requirements.
 - (iii) Quality assurance/control plan and program to ensure the quality of cables, splices, terminations, structures, control equipment, and hardware assemblies installed for the Project.
 - (iv) Capability and resources to procure project specified equipment and materials.
 - (v) Insurance and performance bond requirements to manage the risk.
 - (vi) Warranties and guarantees to make corrections due to defects and failures to function properly according to requirements.
 - (vii) Selection plan for sub-contractors, including a certified list of prospective Small/Disabled Veteran/Minority/Women/Other Business Enterprises for use on the Project that meets the LADWP specified requirements and which is sufficient to ensure that fair practices are used in such selection.
 - (viii) Safety program (injury and illness prevention plan) and security program to meet federal, state and local safety requirements.
 - (ix) Authorized auditors to audit contractor, contractors, sub-contractors, and suppliers.
 - (x) Authorized inspectors to perform examinations, inspections and testing of equipment, material and workmanship.
- (c) Bidder's proposal shall provide proposed technical factors including:
- (i) Submission of AEIC type test results conducted at 230-kV on a proposed cable system.

- (ii) Verify the scope of work for a complete and functional 230-kV underground transmission cable utilizing a high-voltage resonance test at $1.7U_0$ of the cable rating for one hour and a partial discharge test.
 - (iii) Schedule for the project.
 - (iv) Engineering calculations such as pulling tension, pulling spans, offset designs, etc., based on provided conduit drawings.
 - (v) Cable design and manufacturing engineering calculations.
 - (vi) Cable support hardware design.
 - (vii) Construction plan to include qualified personnel, installation equipment to complete a 230-kV cable system installation including traffic control and staging for all work locations.
 - (viii) Methods to demonstrate that the proposed equipment, materials, and resources meet all contractual requirements.
 - (ix) Regulatory compliance to meet all local, state, and federal requirements.
 - (x) Application of the latest edition of material standards and construction codes to install 230-kV cross-linked polyethylene cable systems.
 - (xi) Demonstration of ability to work effectively with LADWP designated field contact representatives.
 - (xii) Implementation of a Construction Monitoring Program during all phases of construction.
 - (xiii) Incorporation of design modifications and field changes and submittal of as-built drawings.
 - (xiv) Experience in removing high voltage cable systems containing oil.
- (d) Bidder shall submit the following:
- (i) A sealed cost proposal.
 - (ii) A proposal security in the form of a cash deposit or proposal bond not less than 10 percent of the bid amount of the contract, as established by each proposal. Said deposit or bond shall be forfeited if a proposal is accepted but the responder fails to execute the contract.
 - (iii) Other relevant information.
- (e) Bidder's proposals submitted for this effort will be evaluated against the following criteria ranked in order of relative importance, and pass or fail criteria:
1. Technical compliance and approach
 2. Qualification of firm and personnel
 3. Project cost
 4. Project Management approach

5. Project schedule
6. Contract terms and conditions and commercial compliance
7. Project payment and cancellation schedule
8. Local Bid Preference (additional to final score)
 - Pass/Fail – SBE/DVBE program requirements
 - Pass/Fail – Financial stability
 - Pass/Fail – Compliance with minimum requirements
 - Pass/Fail – Compliance with mandatory requirements
 - Pass/Fail – Safety program

Sec. 7. LADWP shall implement procedures applicable to discussions and negotiations with bidders, including safeguards to preserve confidential and proprietary information supplied by bidders, and other appropriate precautions to treat each bidder fairly. Bidder's sealed cost proposal shall not be considered confidential nor proprietary information.

Sec. 8. The solicitation shall include procedures for indemnifying and holding harmless LADWP with respect to protests relating to solicitation, negotiation, or award of the Contract.

Sec. 9. LADWP's other standard contract terms and conditions, including, but not limited to, the right to reject all bids, shall apply.

Sec. 10. For the agreement described in Sec. 6, a Local Business Preference shall be applied. A proposer qualified as a Local Business shall be awarded additional points to the proposer's final score such that the score awarded to the proposer is increased by eight percent of the total possible evaluation points. To be qualified as a Local Business, a proposer must satisfy all of the following criteria, as certified by the Designated Administrative Agency, the Los Angeles Department of Public Works, and the Bureau of Contract Administration:

- (a) The business must occupy space within the County of Los Angeles. The business must submit proof of occupancy to the City by supplying evidence of a lease, deed or other sufficient evidence demonstrating that the business is located within the County.
- (b) The business must submit proof to the LADWP demonstrating that the business is in compliance with all applicable laws relating to licensing and is not delinquent on any Los Angeles City or Los Angeles County taxes.
- (c) The business must submit proof to LADWP demonstrating one of the following:
 - (i) That at least 50 of full-time employees of the business perform work within the boundaries of the county for at least 60 percent of their total regular hours worked on an annual basis; or

- (ii) That at least half of the full-time employees of the business work within the boundaries of the county at a minimum of 60 percent of their total regular hours worked on an annual basis; or
- (iii) That the business is headquartered in the county. For purposes of the Local Business Preference, the term "headquartered" shall mean that the business physically conducts and manages all of its operations from a location in the Los Angeles County.

A business that has not yet established operations in Los Angeles and therefore is unable to qualify as a Local Business may, as an alternative, qualify as a Local Business on a provisional basis if the proposer satisfies all of the following criteria, as certified by the Designated Administrative Agency:

- (a) The proposed Contract between the proposer and LADWP involves consideration valued at no less than \$1,000,000 and has a term of no less than three years.
- (b) The proposer can demonstrate that it is a party to an enforceable, contractual right to occupy commercial space within the county and its occupancy will commence no later than 60 days after the date on which the contract with LADWP is executed. The proposer must demonstrate proof of occupancy or an enforceable right to occupancy in the County of Los Angeles by submitting to LADWP a lease, deed or other sufficient evidence.
- (c) The proposer can demonstrate that, before it is scheduled to begin performance under the Contract with LADWP, the proposer qualifies as a Local Business, by submitting proof to LADWP that it meets the criteria of Subsection C of Section 10.47.2 of the Los Angeles Administrative Code. The proposer must demonstrate proof of ability to satisfy the requirements of Section 10.47.2.C by submitting to LADWP a Designated Administrative Agency.

A business that does not qualify as a Local Business, but that identifies a qualifying Local Subcontractor to perform work under the Contract, shall be awarded a preference of up to five percent, provided the Local Subcontractor satisfies the criteria enumerated in Sections 10.47.2 and 10.47.7 of the Los Angeles Administrative Code. The score awarded to a proposer will be increased by one percent for every ten percent of the total cost of the proposed work under the Contract to be performed by a local subcontractor; provided that each local subcontractor, the work of the local subcontractor, and the cost of the work of the local subcontractor are specified clearly in the proposal. The maximum preference possible is five percent.

The preferences authorized under the Local Business Preference Program shall be subject to the following additional requirements:

- (a) Preferences awarded for services shall be applied only if the services are provided directly by the Local Business or Local Subcontractor using employees whose exclusive, primary working location is in Los Angeles County.
- (b) Preferences awarded for equipment, goods or materials shall be applied only if the Local Business or Local Subcontractor substantially acts as the supplier or dealer, or substantially designs, manufactures or assembles the equipment, goods or materials, at a business location in Los Angeles County. As used in this Section, "substantially" means not less than two thirds of the work performed under the Contract/Contractor must be performed, respectively, by the Local Business or Local Subcontractor.
- (c) The maximum bid or proposal preference shall not exceed \$1,000,000 for any bid or proposal.
- (d) Preferences applied pursuant to the Local Business Preference Program shall be utilized solely for the purpose of evaluating and selecting the Contractor to be awarded the corresponding Contract. Except as provided in Los Angeles Administrative Code Section 10.47.9, the preference points shall in no way lower or alter the Contract price, which shall in the case of a proposal reflect the amount proposed by the Local Business in the proposal before the application of preference points.
- (e) This Section neither creates a right to receive a proposal preference, nor the duty to grant a proposal preference.
- (f) The LADWP may, at any time before the award of a contract, determine that it is not in the LADWP's best interest to grant a proposal preference and award the contract to the proposer eligible for the award without consideration of the provisions of this Section.
- (g) This Section applies only to contracts that involve the expenditure of funds entirely within the City's control and shall not apply to contracts that involve the expenditure of funds that are not entirely within the City's control, such as state and federal grant funds, that due to legal restrictions prohibit its application.

Should a local business fail to maintain its local business status:

- (a) If for any reason the Contractor fails to qualify as a Local Business for more than 60 days during the entire term of the Contract, the LADWP shall be entitled to withhold or recover funds from the Contractor in an amount that represents the value of the Proposal Preference.

- (b) If for any reason the Local Subcontractor, providing the basis for a Local Subcontractor Preference, is unable to, or does not, perform work under the Contract, the Contractor shall, within 60 days, replace that Local Subcontractor with another Local Subcontractor. If the Contractor is unable to replace the Local Subcontractor specified in the Contract with another Local Subcontractor within 60 days, the LADWP shall be entitled to withhold or recover funds from the Contractor in an amount that represents the value of the Proposal Preference.
- (c) For purposes of determining the value of the Proposal Preference in Subsections (a) and (b), above, the LADWP may withhold or recover the difference in proposal price between the Contractor's proposal and the proposal of the next most competitive proposer that did not receive the award of the Contract by the LADWP. In addition, the LADWP may withhold or recover any other additional cost or detriment to the City from the Contractor's failure to maintain the Contractor's Local Business status for more than 60 days during the term of the Contract.
- (d) If a Contractor fails to maintain the Contractor's Local Business status for more than 60 days during the term of the Contract, as specified in Subsections (a) and (b), above, the failure is subject to the recording and reporting requirements of Articles 13 and 14, Chapter 1, Division 10 of the Los Angeles Administrative Code.
- (e) The remedies available to the LADWP under this Section are cumulative to all other rights and remedies available to the LADWP.

Sec. 11. This proposed project is subject to the California Environmental Quality Act (CEQA), Public Resources Code section 2100, et seq. The LADWP Board of Commissioners (Board) has determined that the proposed project involves the replacement or reconstruction of existing utility systems and/or facilities on the same site and involving negligible or no expansion of capacity, and is therefore exempt from CEQA as set forth in 15302(c) of the CEQA Guidelines.

Sec. 12. Pursuant to Charter Section 1022, the services advertised for in this RFP are for expert services which require knowledge and skills that are not available within LADWP and can therefore be performed more economically and feasibly by independent contractors than by City employees.

Sec. 13. Notwithstanding any other ordinance, rule or law of the City of Los Angeles to the contrary, the Board may award a contract using the aforementioned criteria pursuant to Sections 371(a), 371(b) and 674 of the Charter as to the equipment and services described in section 1 and 6 for a term not to exceed 5 years without further approval by the Los Angeles City Council.

Sec. 14. The City Clerk shall certify to the passage of this Ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting it for ten days in three public places in the City of Los Angeles as follows: one copy on the bulletin board located at the Main Street lobby to the City Hall; one copy on the bulletin board located at the Main Street entrance to City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

I hereby certify that this ordinance was passed by a two-thirds vote of the Council of the City of Los Angeles, at its meeting of _____.
