Re: CIS in support of CF- 20-0491.

The Sylmar Neighborhood Council (SNC), which represents over 90,000 Los Angeles stakeholders who reside, own property, or conduct business in our neighborhood, want to express support for Council File 20-0491, COVID-19 / Emergency Social Housing Program / Federal Funds / Purchase and Long-Term Lease / Private Owned Properties. The SNC acknowledges the challenges and impact of COVID-19 on the economic vitality of the City.

These challenging times require that our City leaders be strategic and effective in how they allocate funds to address the various issues impacting the City. We believe using CARES Act federal funds, to address the housing crisis by converting foreclosed properties to social program housing, allows for scalable and rapid deployment to meet the serious housing needs of Angelenos.

We ask that you continue to seek solutions and explore ideas that yield the best return on investment for those who live, work, and play in Los Angeles. We welcome dialogue on bold ideas and solutions to address the issues that have impact the City prior, during and post this pandemic.

The Sylmar Neighborhood Council therefore strongly supports CF 20-0491 and its delineated objectives.
