Agenda Date:

Item Number:

Summary: This is a refiling of the CIS to the new CF# 20-0668-S7. The Board Approves This Community Impact Statement Yea (16), Nay (x), Abstain (x) on Oct 27, 2021 Historically, redistricting has affected communities of color negatively by dividing them and destroying the infrastructure of a built community that has been established for generations. It is Lincoln Heights desire to be kept whole. The outreach done was insufficient for the community members of Lincoln Heights and other communities as we are working class that have working class hours. There is a historical record and time line of what redistricting does when city appointed officials do not take into consideration the working class residents. The fact that non elected people are deciding how to cut up poor communities is more of an example of injustice to all people of the City of Los Angeles. In a Democracy we don't appoint; we elect- to hold officials accountable when their decisions have negative effects on the residents of the City of Los Angeles. Our following recommendations: 1. The commission shall be made up of elected officials and not appointed. 2. Redistricting maps shall be made 3 years before the time to redistrict. This is so the public and officials can get a clear understanding of the maps. 3. There shall be also be a study done 3 years before the redistricting when the maps are being created to study the cause and effects to all aspects of the new maps. These studies shall be conducted with city, state, federal and county agencies and not with third party non-profits.

DECLARACIÓN DE IMPACTO EN LA COMUNIDAD
CF 20-0668

La Junta aprueba esta declaración de impacto en la comunidad Sí(16), No(x), abstenerse (x) el 27 de octubre 2021
Comisión de Redistribución de Distritos del Ayuntamiento de Los Ángeles
City Hall- 200 North Spring St.
Los Ángeles, CA 90012

Históricamente, la redistribución de distritos ha afectado negativamente a las comunidades de color al dividir las y destruir la infraestructura de una comunidad construida que se ha establecido durante generaciones. Es Lincoln Heights deseo de mantenerse entera.

El alcance realizado fue insuficiente para los miembros de la comunidad de Lincoln Heights y otras comunidades, ya que somos de clase trabajadora que tenemos horas de clase trabajadora.

Existe un registro histórico y un cronograma de lo que hace la redistribución de distritos cuando los funcionarios designados por la ciudad no toman en consideración a los residentes de la clase trabajadora. El hecho de que personas no electas estén decidiendo cómo dividir a las comunidades pobres es más un ejemplo de injusticia para todas las personas de la ciudad de Los Ángeles. En una democracia no nombramos; elegimos- responsabilizar a los funcionarios cuando sus decisiones tengan efectos negativos en los residentes de la ciudad de Los Ángeles.

Nuestras siguientes recomendaciones:

1. La comisión estará integrada por funcionarios electos y no designados.
2. Los mapas de redistribución de distritos se realizarán 3 años antes del momento de la redistribución. Esto es para que el público y los funcionarios puedan comprender claramente los mapas.
3. También se realizará un estudio 3 años antes de la redistribución de distritos cuando se creen los mapas para estudiar la causa y los efectos de todos los aspectos de los nuevos mapas. Estos estudios se realizarán con agencias municipales, estatales, federales y del condado y no con organizaciones sin fines de lucro de terceros.

Atentamente,

Sara Clendening, presidenta
del Consejo Vecinal de Lincoln Heights
