Council File No: 20-0668

Comments for Public Posting: My name is Brian T. Finney, I am a resident of Wilshire Park in Greater Wilshire and I have followed the City's Redistricting Commission process closely. I strongly protest this week's motion by Council President Martinez and Council Members Raman and Krekorian. Adopting their motion would inexcusably disregard the months of transparent work by the Los Angeles City Council Redistricting Commission (LACCRC or the "Commission"). The motion calls for a new self-interested ad hoc City Council committee to rewrite the redistricting plan. Common Cause calls this attempt at manipulation corrupt. The Commission's efforts were conducted in full public view and with unprecedented public input and participation. As the LACCRC's redistricting map moves to the City Council for final approval, you should conduct your review with the same transparency and public engagement that lifted the Commission and all of us. Redistricting exists to protect communities, not to protect the reelection of sitting City Council members or to allow them to gerrymander the City to favor the election of their partisan friends. I support the Commission's recommendation and urge you to do so too. Thank you. Brian T. Finney
