Summary: At the Sept. 23, 2020, meeting of the West Los Angeles Sawtelle N.C., the Board of Directors voted 7-0-0, to request that the City study a permanent Slow Streets program, which would include more durable safety barriers and better pedestrian facilities, and authorize the Chair to submit Community Impact Statements in the future. Facts and background: 1. The Slow Streets Program uses simple signs to denote streets that are designated for walking and bicycling. 2. None of the streets are augmented, beautified or improved. A more attractive setting will attract more residents to the open space, such as benches, planting, etc. Ex parte communications: None disclosed by any committee members. Disclosures and conflicts of interest: None disclosed by any committee members. To government agencies: Only the Chair and designated Boardmembers may testify to public agencies on behalf of the West L.A. Sawtelle NC.
