

MOTION

The Fifteenth Council District (CD 15) has received a request to donate one (1) 2002 GMC 2500 regular cab truck to the Harbor Interfaith Services. Harbor Interfaith Services is a 501(c)(3) tax-exempt non-profit organization that provides support services including shelter, transitional housing, food, job placement, advocacy, childcare, education, and life-skills training to the homeless and working poor.

Section 22.547 of the Los Angeles Administrative Code provides that upon Council approval, surplus City equipment may be sold for less than market value to a non-profit organization located in the City of Los Angeles, which has been established exclusively to further the services provided by the City and its departments. Harbor Interfaith Services is located at 670 West 9th Street in the City of Los Angeles. The donation of a 2002 GMC 2500 regular cab truck will allow Harbor Interfaith Services to further their humanitarian purposes and benefit residents of the City of Los Angeles by enabling them to augment community clean-up and outreach services. Providing these services advances Harbor Interfaith Service's mission of providing support services to the homeless and working poor. The total fair market value of the 2002 GMC 2500 regular cab truck is \$3,352, which will be foregone revenue should it be donated.

I THEREFORE MOVE that the City Council:

1. Find that Harbor Interfaith Services is eligible to purchase one 2002 GMC 2500 regular cab truck (VIN# 1GTHC24U72E197533) at below market value (\$1.00) in accordance with LAAC Sec. 22.547 (Donation of Surplus City Equipment), as the recipient is a non-profit organization that has been established exclusively to further the services provided by the City;
2. Request the City Attorney to expedite preparation of appropriate documents to effectuate the sale and transfer; and
3. Instruct the City Clerk to inform Harbor Interfaith Services [Tahia Hayslet, Executive Director, (310) 831-0603, 670 West 9th Street, San Pedro, CA 90731] that the surplus equipment must be claimed within 60 days from the date of Council approval of the request or notification of availability of the equipment, whichever occurs later, at which time the equipment will revert to the City's surplus equipment pool for disposal by the Department of General Services.
