Summary: The Greater Valley Glen Council supports Controller Ron Galperin's recommendation in his report (Meeting the Moment; An Action Plan to Advance Prop. HHH: CF 20-1145) that the City use HHH funds to pursue the acquisition of existing buildings, like hotels/motels, and unused commercial and office space for adaptive reuse as a quicker approach to house the homeless than the more long-term projects currently being built under HHH, which do not provide a sufficient number of units for the large numbers of homeless, and is not cost-effective. While we favor quickly built temporary housing, we are against putting this in public park space or removing trees to accommodate these structures.
