Council File Number: 20-1170

Agenda Date: 09/23/2020

Item Number: 20

Summary: At its September 23, 2020 Brown-Act publicly-noticed regular board meeting, BABCNC voted to support 4th District Councilmember David Ryu's motion to to prepare and present an Interim Control Ordinance (ICO), to suspend all construction and prohibit the issuance of demolition, building, grading, hauling and any other applicable permits for properties located inclusively within both the Hillside and Very High Fire Hazard Severity Zones during fire season with certain restrictions, with the suggested modification that certain emergency work should be allowed to continue. The board vote was 25 in favor, 1 against and 2 abstentions. Congestion related to construction on our narrow hilly roads can severely impede access for and to many of our residents, leaving these residents dangerously far from help in the event of a fire or other emergency. We therefore support Councilmember Ryu's motion that would suspend construction on certain streets in high fire hazard severity zones for the duration of fire season as that would assure the safety of our residents and their ability to access emergency services.
