Summary: We, the Wilshire Center Koreatown Neighborhood Council of the City of Los Angeles (WCKNC) SUPPORT Council File 20-1206, a Motion (Martinez – O’Farrell) requesting the Los Angeles Homeless Services Authority (LAHSA) to report on both LAHSA’s demographic composition and that of the Service Planning Areas leadership and include how it is reflective of the homelessness population it serves. In the past, the efficacy of LAHSA’s homelessness policies have been hindered by a lack of input that have resulted in impracticality when attempting to address certain aspects of the homeless experience. We must ensure that the services offered by the City work for those they are meant to serve. An important step to take in this regard is to ensure representation. Representation will result in more effective services and a more compassionate approach to policy. As Proposition 16 advances to the ballot for a decision by voters, it is incumbent on the LAHSA to recognize any gaps in representation and prepare a plan to address any lack of representation.
