Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 20-1213

Agenda Date:

Item Number:

Summary: Motion to support Council File 20-1213 (Bonin and Koretz). Whereas some of the hillside communities of the Pacific Palisades, Brentwood, Bel Air and the Hollywood Hills are located in very high fire hazard severity zones and because many of the streets in these hillside communities are substandard and because many of the most recent fires have started in these hillside communities, forcing evacuations in the early morning and late night hours, and whereas some coastal areas of CD 11 are tsunami zones and/or subject to sea level rise, therefore the Department of City Planning, with assistance from the Emergency Management Department, Los Angeles Department of Transportation, and the Los Angeles Fire Department, is directed to report back on the capacity, safety, and viability of existing and potential evacuation routes in Very High Fire Hazard Severity Zones and tsunami zones and those areas subject to sea level rise and to identify the policies and development standards, including land use and building restrictions, necessary to support these evacuation routes.
