#### Impact Information

Date: 05/18/2021

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 20-1213

Agenda Date:

Item Number:

Summary: DIRECT the Department of City Planning (CPD), with assistance from the Emergency Management Department (EMD), Los Angeles Department of Transportation, the Los Angeles Fire Department (LAFD), and relevant departments, to report back on the capacity, safety, and viability of existing and potential evacuation routes in Very High Fire Hazard Severity Zones and identify the policies and development standards, including land use and building restrictions, necessary to support these evacuation routes. Whereas the hillside community of West Hills is located in very high fire hazard severity zones and because many of the most recent fires have started in these hillside communities, forcing evacuations in the early morning and late night hours, the community of West Hills requests to identify the policies and development standards to identify and support these evacuation routes.
