

TO CITY CLERK FOR PLACEMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED #51

MOTION

As a result of a water main break on December 26, 2019, near 15253 Mulholland Drive within the area of Council District 4, the slope adjacent to the street experienced erosion. The repair of the slope is critical to the integrity of the roadway in this hillside area.

The Los Angeles Department of Public Works-Bureau of Engineering (BOE) is providing assistance to the Los Angeles Department of Water and Power (LADWP) to address this problem, including damage assessment, engineering design, and construction, using BOE's prequalified on-call construction contracts.

Action is needed to approve a transfer of funds totaling \$406,000 from LADWP to BOE to reimburse City staff for the damage assessment, design, and project management costs associated with the repair. Sufficient LADWP funds are available for this project. A subsequent motion will be executed to transfer the construction costs for this project, and BOE will solicit competitive bids from its prequalified on-call construction contractors list to perform the repair.

I THEREFORE MOVE that \$406,000 be transferred from LADWP Fund No. 705, Department No. 98, Blanket Authority No. 03172-1 into a new appropriation unit within the Engineering Special Services Fund, Fund No. 682, Department No. 50 (682/50) entitled Mulholland Drive (15253) Slope Repair - LADWP, for services associated with damage assessment, and engineering design to investigate the best repair for damage to the slope along Mulholland Drive. Upon completion of the investigation, BOE will provide a recommendation and agreement between the General Manager of LADWP and the City Engineer; any remaining funds in the Mulholland Drive (15253) Slope Repair - LADWP account shall be applied to the mutually agreed construction costs and/or returned to LADWP.

I FURTHER MOVE that BOE be authorized to make any corrections, clarifications, or revisions to the above fund transfer instructions, including any new instructions, corrections, clarification, and/or changes in order to effectuate the intent of this Motion.
