**Comments for Public Posting:** LA has implemented insane regulations that has effect most of its residents throughout the years but the most recent one is trying to ban rodeo. This sport has been around forever! There are many families that participate in rodeos as a source of their income.

**Comments for Public Posting:** This is crazy to ban rodeo, this is a sport, the bulls are athletes. This a part of America as baseball and football, and yes all these sports can be dangerous, but its no different than getting hit in the face by a 100mph fast ball or getting hit by a 350lb linebacker, but it's still an a American sport.

**Comments for Public Posting:** We support and love the American way of life, that includes our Rodeos, instead of taking away Rodeos, drive around the streets of LA and take away all the Homeless camps!! You people on the City Council, should feel so ashamed that our streets are full of homeless people, and you're worrying about the Rodeo!! You are suppose to work for us, and you are truly doing a terrible job.. Do something to help our city, instead of tearing it down..

**Comments for Public Posting:** There are those who wish to deny the rich tradition and cultural of rodeo in Los Angeles. As Los Angeles born hispanic I know my hometown well and banning rodeo will deny the residents of all ethnicities to stay in touch with their cultures history with rodeo. From pico Rivera to Crenshaw, and Long Beach to the city of industry banning rodeo will be an attack on these ethnic command cultures and their will be an push back the city of Los Angeles will hopefully understand. Rodeo is a thriving parts of the city's member past and daily lives, it may be unseen by those who wish to remove but it will surely be sung but those who wish to keep it. Thankyou

**Comments for Public Posting:** Please do not let the outspoken opinions of a minority activist group influence your decision about rodeo. As the president of a rodeo committee in colorado, I know firsthand how well stock contractors, Rodeo producers in Rodeo contestants care for all of their animals. We have self-imposed animal care rules and regulations to ensure that our animal athletes are safe and well cared for. We have no interest in harming animals, we consider them equals in our sport. Please don't let the misguided opinions of a few take away a Western heritage. In doing so you would deprive many Urban dwellers the chance to see and experience a Western Way of life.
