Comments for Public Posting: The PRCA has over 60 rules in place to protect animals used in rodeo and ensure humane treatment of their animals. Rodeo livestock is very well cared for. It is in fact in the best interest of stock owners to care well for their animals. Rodeos provide an important financial opportunity for competitors and communities. The western lifestyle is important to many people and should be protected.

Comments for Public Posting: I am submitting this comment to express my opposition to any Los Angeles Ban on equestrian sporting events. Instead of wasting energy on prohibiting these harmless events, leave the rodeos alone and as the Los Angeles City Council, focus on more important issues for the public wellbeing such as lowering gas prices. I hope this comment in opposition of the Ban will be considered as Los Angeles Council-members make their decision. Thank you.

Comments for Public Posting: What kind of "out of touch reality" world do you believe that you live in...??? You are collectively elected, appointed (or volunteers) who have taken oaths to uphold basic rights, privileges guaranteed by the constitution of the United States of America. Rodeo activities and events are not designed or intended to be abusive to animals or wildlife. Moreover, these events are part of a culture that involves farming and ranching that provide the BASIC needs of Americans. To consider banning something that is the very fabric of the aforementioned, takes us to a parallel discussion.... Let's stop giving the farmers of the Central Valley of California so much water (for wasteful watering of crops, livestock, etc.), after all, We can just buy food at Walmart...

Comments for Public Posting: I do not support any efforts that result in negative impacts on rodeo events. Rodeo is NOT like bullfighting where the intended result is death of an animal by torture. Please do not mess with rodeo.

Comments for Public Posting: I oppose this law. I ask that you spend just one day with one of the top rodeo livestock contractors before you push this law. I know you will see that the top rodeo contractors and contestants love and care for their animals more than any animal providers in the US.

Comments for Public Posting: This is just a unfair proposition. I live the beautiful and healthy family oriented culture lifestyle of being a cowboy this lifestyle keeps kids occupied in good work habits and away from drugs. People need to respect one other's lifestyles. Just because a couple of people disagree doesn't make them right
