Comments for Public Posting: Re: Agenda Item 20, file 20-1575 City Attorney for the City of Los Angeles: Please put energy and focus on an ordinance to ban the following practices at all rodeos in the city: electric prods shocking devices flank and bucking straps wire tiedowns sharpened spurs and rowels No one on the City Council would allow such cruelty to dogs and cats. Why is it allowed to be inflicted on terrified horses and calves? The whole rodeo industry needs to go. Its objectification of animals for entertainment, i.e., profit, is archaic, and doesn't belong in an animal-friendly environment like L.A. Thank you, Robyn Hicks
