**Comments for Public Posting:** Please do not stop a sport that is family based and affordable to all. These people take care of the animals they raise and love. I know because I was raised this way and now live in a metropolitan area. These are good people. Please find another cause to exploit and conquer. Sincerely—

**Comments for Public Posting:** I am AGAINST the proposed ban on Rodeo, Bull Riding, Charrería and all Equestrian Events. This is a poorly put together proposal that makes as much sense as banning the automobile.

**Comments for Public Posting:** I do not support the proposed LA City Rodeo Ban. I was born and raised in Los Angeles and always felt lucky to have the opportunity to practice this family orientated sport in this very metropolitan city. Rodeo is not just a sport, it is a life style. Rodeo taps into many industries and economies, banning the sport would affect people from all backgrounds, races, ethnicities and political parties. We take care of our animals, spend a lot of time and money, so it is offensive when the narrative and allegations paint the picture of monsters. Rodeo taught me about serving our community, as I was a state and national steering committee member. I was fortunate to have experienced personal and professional growth during my sidesaddle competition days, Trainer and subsequently, as a Steering Committee Commissioner. Los Angeles is about Diversity, I mean, that is all we know. Banning rodeo would take away some of that sterling beauty in our city of angels diversity make-up. Please do the research, one bad apple should not have the power to eradicate and entire culture. Please meet with Rodeo officials as well, let us show you our animal welfare programs and best practices. Thank you!

**Comments for Public Posting:** AGAINST the proposed ban on Rodeo, Bull Riding, Charrería and all Equestrian Events. Equestrian events bring about comradery amongst the community. LA is already full of smog and traffic - equestrian events bring a bit of life outside of the city to the city. Equestrian events are sanctioned with sets of rules/guidelines, as well as, proper care for all animals and safety for all involved.

**Comments for Public Posting:** You people should really understand that this is a way of life and heritage for us. The information that you try to put out is false and uneducated. Stop trying to end a way of life that actually has nothing to do with you.

**Comments for Public Posting:** I love rodeo. I want rodeo to continue as a path out of poverty for hard working young people, a strong reason for them to learn a work ethic in our society that rewards achievement. Rodeo rewards all races and genders based on their efforts alone. It teaches sportsmanship, animal care, animal husbandry, and compassion to its competitors and spectators. Rodeo self regulates its competitors and they are most qualified to do so. Please allow rodeo to continue to take care of their animals at a level far above that could even be controlled by city, county or state law. Please strike down any law put in front of you, and rest assured that we care and take care of our horses, cows and all competitors in an extremely humane and ethical manner. Thank you. Lindsey Blakeley

**Comments for Public Posting:** I am horrified to think what will happen to the tens of thousands of animals currently employed by the western lifestyle industry including rodeo if these events are made illegal and canceled at any scale. The feasibility of owning and caring for these animals will deteriorate to the point that nobody can reasonably afford the care required to maintain them in a healthy manner and who knows what future will await them

**Comments for Public Posting:** I want to stop the band on rodeo. It's a way of life. How we catch cattle and doctor them. Some of the bronc's and bulls have better lives than most people. Our livestock is very well taken care of. And loved by all.

**Comments for Public Posting:** Hi, The recent comments by those that want to control out lives by trying to apply their reckless and fact less emotions to the everyday life of the majority, now want to eliminate rodeos and equestrian that have always been a tradition in this country. Over the years, many laws have been written to guarantee the safe and ethical treatment of all animals in rodeos, horse shows and in the movie industry. Eliminating events that involve animals, is allowing emotions to circumvent facts and real data. Please support the continued acceptance of rodeos, horse shows and all other time honored events that involve animals. Thank You, Paul Jacques

Please vote NO on any and all attempts to ban these well regulated events. There are millions of supporters, participants, and people that earn their livelihood in these pursuits across the nation and world. Do not ban these opportunities for the sake of a few who do not have to attend or participate. Thank you for your consideration.
