Comments for Public Posting: The idea that you would ban Rodeos is Anti-American. Rodeos are one of the most American things we have. It's a celebration of the American West. In fact if there had never been Rodeos my Mother and Father would have never met and I wouldn't ve here. He was Saddle Bronc rider and he was participating at the local Rodeo in her home town. But I know as Anti-American leftist you hate everything about America. From our Founding Fathers to Our National Anthem.

Comments for Public Posting: With all due respect. I oppose this because it greatly affects my family, community, local businesses, and our culture that teaches us the importance of supporting the values of Family, Unity, Respect, Hard work, Dedication and Commitment to help us strive to make a positive difference in our communities to succeed. You would be disrupting an especially important eco system with strong and important values that so many young children are losing. Thank you for your time and consideration.

Comments for Public Posting: If there's a ban on all rodeo and equestrian activities in Los Angeles this would be an extremely sad loss. most people in California don't realize how much horse activity is right in the heart of LA. I own three horses and ride them all over Griffith Park and enjoy doing shows with my horse, in no way Having these events are causing Animal Abuse. Only PEOPLE CAUSE ANIMAL ABUSE. not everyone is the same. if you guys really want to make a difference why don't you crack down on people that do cause abuse to animals. STRONGER Penalties or fines maybe even jail time. There's tons of people that abuse dogs and cats, should we ban having dogs and cats in Los Angeles to because if a few idiots. NO. Also by banning these type of events It will only further hurt people and their animals. some people make their livings by doing these events and if they are no longer able to do so what are they going to do with the animals. not everybody is a millionaire and can afford to have horses sitting on grass eating all day and not using them. so sadly those animals will end up at slaughter, so how is that benefiting the actual animals. I feel like people that have opinions on the stuff don't know what they're talking about because they've never been to these shows. So how can they have an opinion on it. Sure they saw some videos online one bad video negates thousands of good videos online. the PBR takes better care of their Live stock then anybody. And can I please reiterate that we should not be making these rash decisions because of some stupid idiots that abuse their animals we should make stronger laws against animal abuse. That would actually make a difference.
