Comments for Public Posting: I'm asking you not to pass this Rodeo ban. We take excellent care of and love our equine and bovine athletes and have for many generations. It was horses pulling wagons that even got us to the West, and the people that followed the hard core pioneers came when it was safe to do so by rail. These delicate flowers benefited from the perseverance and grit of the pioneer people, and Rodeo embraces and champions the Western lifestyle and spirit that many of us still live and love. And when push comes to shove, and all the city dweller's rationalizing and negotiating isn't saving them from a real threat, it's the hard working cowboys and cowgirls of this country that step up to defend it, not the pencil pushing, latte drinking 'activists' that have never even known what it's like to care for and raise these animals. Who will you go after next? And who gave you the right? Pick a real threat to us like homelessness, addiction, lack of work ethic, not rodeo, it's all about hard work and responsibility in rodeo. You're going after the wrong people.
