Comments for Public Posting: Rodeo should NOT be banned. Rodeo was a way of life and a part of history. Animals are treated humanly and taken care of. Do not ban rodeo now or ever!

Comments for Public Posting: I don't reside in CA but I own livestock & can surely tell you threat if they had a voice im 100 percent certain they would choose to NOT being gauged in the neck & shoulder with knife sharp spurs nor would they be ok with hot nylon cinched around thier groin & flank till it hurts. If u wanna be a real cowboy just ride the animal without inflicting pain & suffering...in some areas across the map I know they also stick wire hangers or broom sticks & cattle prods in the anus to induce fear & anxiety in the animals in the shires prior to being ridden.
