Comments for Public Posting: Stop the ban on rodeo. It is a misguided political action to fix something that is not broken. Rodeo animals are very valuable, well cared for athletes... so this is not about animal welfare, this is a political power play. This is no different than racial bigotry, those that don't like rodeo want it banned from LA, just like those that didn't want racial diversity in their neighborhoods banned people of color. They were fixing a problem that didn't exist. STOP THE BAN ON RODEO, let us enjoy our equine lifestyle.

Comments for Public Posting: This is a travesty stopping rodeo activities in LA. There are already laws for safety and humane treatment of our horses. What's next after this? No more jumping? Or dressage or even riding a horse?! These PETA people and the like are stepping over our rights to ride our horses. No more pony rides either?! This is wrong and the rodeo has always been a part of our history. Yes animal care must be enforced but not to the exclusion of the sport.

Comments for Public Posting: Rodeo is the all American sport. The history of the sport mirrors the growth of America The animals are NOT harmed in any way and are taken better care of your average lap dog. The governmental overreach must stop. You have no right to try and legislate another's lifestyle choices. Stay away from rodeos !!!
