Comments for Public Posting: although I do not live in L.A. county, I do want you to know I grew up with large and small animals. I was involved in F.F.A. My job involves being with large animals. I also volunteer for a organization that deals with kids that do not have the chance to be raised with large animals. The bonds that are formed between animals and person is incredible. Please do not take rodeo and equine events away from L.A. the very people you all claim to help, you keep breaking down. and this would be another break. I challenge you to research the black cowboys of los angeles. as well minded as your actions might be your talking to the wrong people, animal activists do not know anything about animal agriculture, or rodeo, or equine events. i ask you please do not end rodeo, and all it does to strengthen people, friendships, animal person bonds, morals, and strengthen cities.

Comments for Public Posting: I OPPOSE the proposed ban on Rodeo, Bull Riding, Charrería, and Equestrian Events - they are a major part of our heritage and western way of life. Horses and humans have been partners for eons - taking care of each other.

Comments for Public Posting: I support the rodeo ban. Abusing and terrorizing animals is NOT entertainment!
