Comments for Public Posting: I am 67 years old, raise on rodeo events and responsibilities. One doesn't go without the other. I've been a 4H leader for over 33 years. Responsibility is THE FIRST LESSON. The welfare of every animal is taught to be the first responsibility. Rodeo is an art as well as a sport and a way to instill value of every creature. My children each learned animal husbandry and animal rights through rodeo. Currently many are involved in rescue. Giving/getting forever homes for retired rodeo animals. RODEO is also a way to pass on generational information and education. If you don't tend the animals, you have already abused them. Please do not rid the state an AWESOME EDUCATIONAL TOOL. Thank you

Comments for Public Posting: The rodeo way of life and involving livestock management into the lives of young people teaches a mentality and positive attitude that can't be found in other disciplines. Don't take this experience away from the members of the Southern California community.

Comments for Public Posting: Please save our western sports. We do not believe in cruelty to our animals and we don't use cruel things on our animals. They're bred to buck. And run.

Comments for Public Posting: Please do not cancel Rodeo in California I loved the Rodeo when it came to California. I have since moved to Minnesota and have been involved with Little Britches Rodeo. The children and families involved in this organization are respectful of our country, God and family along with their fellow competitors. These kids cheer on each other, they learn how to care for their animals without putting them at risk and sportsmanship at the highest level. This is something our country needs at this time. Rodeo represents love of God, Country and others. More people need to experience the integrity and fellowship the Rodeo community represents.

Comments for Public Posting: Please do not listen to those who actually know nothing about Rodeo. Rodeo is one of the most cherished and humane sports in the world. The contestants and stock contractors pay thousands of dollars for their stock, and take special care of each animal.

Comments for Public Posting: There is no legitimate reason the Bill Picket Rodeo should not be allowed in Los Angeles. Our children need to be exposed to their history and culture thru this rodeo. Not to allow this great rodeo in Los Angeles is yet another obstacle denying education to our children. COVID 19 created such an educational loss for our children. I would think you would be willing to work to use this venue as part of Los Angeles helping to fill in that educational gap. The Bill Picket Rodeo does just that. It helps to fill in educational gaps for our children. We have followed this rodeo for years, my children received their first up close and in person experience in riding on a horse, meeting real cowboys and learned there are real cowgirls, thanks to the Bill Picket Rodeo. Their experience in the audience gave them the courage to get close to a horse, and to know the cowboys and cowgirls looked just like them. It opened new thoughts and possibilities up to them. It's the small things that allow children to soar. Do not deprive children of new thoughts and possibilities. Let's work together for the sake of our children.

Comments for Public Posting: To whom it may Concern, I have been involved with Rodeo since 1980 I started out with the Billpickett Invitational Rodeo (BPIR) then joined the International Pro Rodeo Association (IPRA) and then on to the Pro Rodeo Cowboy Association (PRCA) And the American Soul Charity Rodeo event and I can truly say that it has been nothing but positive vibes to come from it. I am a Los Angeles Native and would like to say Rodeo has taught me a lot in my life as a young teen that grew up in the intercity. I am now still involved with rodeo at 56yrs of age. I travel from state to compete in different rodeo associations and when the patrons find out that I am from Los Angeles,California the are amazed because of the Negative Media everyone hears about Los Angeles. I also take time out to share my experience with our younger generation and explain to them the Cowboy life style that changed my life and let them know that there is nothing that is impossible to achieve you just have to keep it in your heart to do and complete yourself mission. So Please do not be influenced by the negative that has been brought forth to make rodeo an abusing event ,I am a living testimony that Rodeo has a positive out come to our youth which is our future.

Comments for Public Posting: Please do not ban rodeo or like equestrian events. Look carefully at the “reality” of these sporting events. They are humane. These animals are valuable and are not being mistreated. Rodeo is a truest American sport that is important to our past, present and future.

Comments for Public Posting: I implore you not to restrict the use of animals in sports. There are already rules and regulations to protect the welfare of equine athletes and if properly enforced they will insure the health and well being of animals in rodeo and other activities. If there is abuse or tactics you suspect are being used then enforce the county, state, and federal laws already in place. Horse owners are animal lovers and take great pride and care with their animals but any group can have a bad apple, deal with the bad apples not the good folks. Politicians get a bad rap sometimes because of a few, not the many. Punish the few.

Comments for Public Posting: Those who are so worried about rodeo animals ought to look under the local under passes. Your fellow humans are living in trash and squalor! Not sure where their next meal comes from. Filthy and disgusting conditions, no place to wash or shower. Shitting on public property! Yet, a bull bucking for 8 SECONDS is abuse! You are worried about ranch work on display but could give a rats ass about your fellow humans. Shame on you!
