Comments for Public Posting: I support the Rodeo and all included activities. If you want to Ban something ban homeless occupying public land of which they pay no taxes and have more rights then tax payings citizens. Clean up the city and stop attacking your revenue streams and the things that make the city better.

Comments for Public Posting: I have been involved in rodeo for many years. Animals are never abused but are well taken care of. Most are worth a lot of money but more than that people involved in rodeo have a heart for the western way of life and feel they are stewards of that way of life and try to preserve it and share it with others. It would be a terrible loss if we lost the time honored traditions associated with this well loved sport.

Comments for Public Posting: The western life style is very important to the US. Our values and work ethics are based on what built this country and will help save us. The last two years of all the woke and progressive agendas have now come to fruition. I know that i am talking to LA. Do you really believe that LA is better off then it was two years ago? Please do not ban a whole nation of animal lovers from your city. You will lose a big part of your culture. Hope you relize how important our life style is to us. Thank you for considering this

Comments for Public Posting: Save Rodeos! Do not ban rodeo-type events! The information being used to push for this ban is just plain wrong and in some cases flat out lies! Having been around the Western lifestyle for most of my life, I can tell you that you will never see anyone care more for their animals than those who you are trying to ban from showing off those animals. Get the true facts and you will agree.

Comments for Public Posting: Any ordinance that a city council proposes should be based in fact, not fiction. Malicious lies have no place in a public forum. I've read some of the anti-rodeo propaganda and it's based on supposition, not fact. An example, using tacks, burrs, etc. under a flank strap to make a horse buck harder. This is a lie. Please council members, get the truth not fairy tales.
