Comments for Public Posting: I understand that you are considering a bill that would regulate (potentially ban?) rideo events as well as some other equestrian activities. I would beg of you to reconsider this, as I understand, it could be construed to do away with equestrian groups that appear in parades. As a child I LOVED watching the Rose Parade...mostly for the horses!! The groups appearing go back in our history and are important for young and old to learn about. Please understand that this bill could have really negative consequences on our children (and some adults) to have a well rounded education. Thank you so much.

Comments for Public Posting: This is crazy! Our roots are in livestock, rodeo, sportsmanship and our best friends. Whether it be the bucking bulls we raise or ride, the bucking horse that we breed with tons of research and quality, the pick up horse that is smart and loves his rider! Most of these animals are raised and loved more than some children! I don't know who came up with this goofy idea but it is just that! If you think they are mistreated you have never loved one or been on a ranch!
