**Comments for Public Posting:** I am concerned about the LA City proposed ordinance to ban bull riding and similar rodeo and horse events in Los Angeles, a city founded on Western values which these events and competitions promote and value. As a bull contractor I have been blessed to be invited to events in your beautiful city. I respectfully request that this ordinance is opposed and not passed. Thank you

**Comments for Public Posting:** I am a huge fan of western sports including those of professional bull riding and rodeos. I've been to so many events over the years with my first in 2005. The animals are the best of the best and are treated like so. I've been behind the scenes at a few events and see the care for them and that is provided. I understand your outlook on these sports, but this is how these cowboys and cowgirls provide for their families. If these events get canceled then all the athletes and livestock contractors are out of work. It's their way of life.

**Comments for Public Posting:** DO NOT BAN RODEO IN LA. Rodeo and equine events are a very important part of our heritage and history in the USA and needs to be preserved.
