**Comments for Public Posting:** Please preserve western sports events here in Los Angeles and abroad. Many young people have not been able to see animals ridden upclose and shown personally at events. At Rodeos and other adventures, suburban and inner-city children are given the opportunity to experience riders at various ages interact with animals. The animals are not harmed but trained in this aspect. Please retain and protect western sports events in Los Angeles. Thanks in advance for your support in this matter.

**Comments for Public Posting:** All rodeos across America help the economy. According to this LA complaint from animal extremist Rodeo animals are some of the most well kept and cared for animals in society. When I ride my horse in a rodeo she is so well cared for by me. I treat the animal better than myself. Look at and spend time trying to save the neglected animals in our shelters not our rodeo. Even the cows are well fed and taken care of. Thank you
