Comments for Public Posting: Rodeo has been a safe, fun and humane vent/sport for 200 years. It needs to be left alone to survive another 200 years. Good, clean family entertainment. Also, good clean family sport.

Comments for Public Posting: Trudo is a sport that has built our nation. The athletes do not sign a yearly contract, they don't get paid millions of dollars to perform, the animals are use in a beneficial way. The human athletesDo not sign a contract for more millions of dollars. They generally hold full-time jobs, or have working ranches of their own. They don't get millions of dollars from Nike etc. to give their opinion on the nation. The animals are not overused. For Roughstock eight seconds a day, pretty light workload. These animals do you get vet care they do get the normal yearly vaccinations and worming, and are fed nicely. For the thrills spectators receive it would be a shame for you to ban the sport or any equestrian sport in your city. It would be very beneficial if the Council members could visit a rodeo, go behind the scenes, talk with the stock contractor. You'll find they are very in tune with what's going on in the world and they want the best for this sport and their animals.
