**Council File No:** 20-1575

**Comments for Public Posting:** Please ban the implements of torture such as flank straps, electric prods, and spurs or rowels which force animals to perform. A veterinarian even concluded that the bulls are forced to buck beyond their normal bucking patterns which makes them susceptible to injuries such as broken legs. Please do the right and humane thing and ban these implements of torture. Please pass 20-1575. Thank you.
