**Comments for Public Posting:** Please don't ban rodeo or animal husbandry. The greater US was built on the backs of the men and women that continue to live this lifestyle today, and without them and their principles, we as a people are surely doomed

**Comments for Public Posting:** I believe it is wrong to ban rodeo from the city of Los Angeles. The animals used in the rodeo profession are extremely well taken care of, and are well trained athletes, many of them are worth tens of thousands of dollars, some even more. If you ban rodeo in LA, what will be next?

**Comments for Public Posting:** Hello As a member of the agriculture community and also part of the rodeo community this bill is troubling to me. Rodeo animals are some of the best cared for animals in the world. There are no Rodeo animals that perform due to any accessories. Rodeo animals are no different than any other animal that has instincts and enjoy what they do. Rodeo livestock are kept in optimal conditions and fed the very best feeds and receive the very best medical care so they are content healthy and happy. An animal that does not have a desire to perform in a Rodeo can not be coerced by any means to participate. While we'll intentioned this bill has no basis in reality and is nothing more than taking advantage of dramatic untrue tactics that people so removed from agriculture and livestock are lead to believe in the name of rallying for a cause. The people in the Rodeo world are also some of the most responsible and caring people in our society. Rodeo and the western world revolve around d personal accountability and striving to be the best person possible. With all of these points in mind I request that you vote to deny this issue. I would also encourage you to investigate on your own the people and the atmosphere that is in question as the image that has been portrayed to you could not be further from the truth.

**Comments for Public Posting:** Please do not ban Rodeo events. Shame on Los Angeles for even thinking this. This is YOUR history...the Vaquero. Save Rodeo Events!!
