Comments for Public Posting: Councilmember Nithya Raman has FAILED the Constituents of CD4 and LA City. She created a motion to close the historical pony rides without Constituent or Stakeholder input. She had back door meetings. Jimmy Kim and Councilmember Raman should be investigated concerning ethics violations. Thank you.

Comments for Public Posting: Banning the rodeos and any other related activities accomplishes nothing, except hurting good honest people and their life. You are actually attacking our American heritage doing this! This tells Everyone that our Government is overstepping again and it should not be tolerated.

Comments for Public Posting: Take a moment to listen to the idiocy that is being proposed here! Stop being Commiefornia, please! ????? You are driving people out of your state with this communistic BS! Banning rodeos? Are you serious? You are not “saving” any animals with this BS!

Comments for Public Posting: Rodeo and other Equestrian Events are Family Friendly. In this world of violence we need to keep these events where a Family can go and feel safe and enjoy something as a Family! The sports animals are treated better than a lot of kids in America today!
Thank You!

Comments for Public Posting: I strongly disagree with banning rodeo sports. The idea that animals are abused by participants is pure misinformation. These animals are treated as beloved athletes and receive optimum nutrition and medical care including massage, acupuncture and aqua therapy.

Comments for Public Posting: Please do not ban horse related sports and games. Love, training, and hard work, are vital parts of these sports, which include Top Notch care! Total and indiscriminate bans of all animal activities is short sighted... and will harm the animals you "think" you are protecting. Don't Do It!! '

Comments for Public Posting: The western sports industry is huge in terms of revenue for those cities, but it's also a way of life and means of income for thousands of people. The ability to raise, transport, show, compete or even just for pleasure of all livestock and equine animals is a critical element for continuing a lifestyle and heritage of this country. Do not ban any of these very important activities in any city in the United States. It is imperative to allow all aspects of livestock and equine activities to continue.
