**Comments for Public Posting:** Please protect and preserve western sports. These events are part of our heritage and history. They have evolved and adapted to protect and respect the animal athletes and it would be an absolute shame to disregard and erase them from our history.

**Comments for Public Posting:** It has come to my knowledge, that the L.A.City council is considering to abolish rodeo's and the associated businesses from the city of Los Angeles. I find it hard to accept that the city would banish a business that contributes to the tax base of the city which increases the general fund for expenditures the city needs. When homelessness, road deterioration, drugs and gang violence are out of control, the city is considering to cut a financial network? The businesses who contribute to these events; promoters, facility fees, merchandise vendors, food vendors, city permits etc., will be cut out of the funding for the city while the needs of the tax payers are ignored. This type of event was the building foundation of our country, it's family friendly, patriotic and entertainment for family and friends. I hope you reconsider this policy and support another tax base which contributes to the funding of L.A. City.

**Comments for Public Posting:** Please keep rodeo in Los Angeles. This is truly a family oriented sport based on tradition that can be traced back to the California mission days. The live stock is truly taken care of much better than most of your citizens pets. Just visit a livestock contractors operation. Base your opinion on facts and not hearsay and lies that the animal rights people like to spread. Rodeo is a sport where the cowboys, cowgirls and fans truly respect god, the flag and country. If you watch rodeo on TV you will see how humble and respectful the American, Canadian, Mexican, Brazilian, and Australian participants are. They are a tremendously great influence for our youth quite opposite from the gang influence many of the youth see now on a daily bases. Look at the economic opportunity that will be missed, I don't think the animal rights extremist bring any economic benefits to county. They have in my opinion a hidden agenda to take another right away of having ownership of animals. Please do the right thing and base your vote on facts and not hearsay Thank you

**Comments for Public Posting:** Please do not ban the use of tools or rodeo. The tools used when used correctly do not harm our animals. We love and respect our animal partners and do everything to insure their health and safety as well as ours and the spectators.

**Comments for Public Posting:** Rodeos are part of our heritage as well as a positive activity for young people that might otherwise be engaging in drugs, street gangs etc. Rodeo participation requires responsibility to care for our equine athletes as well as the bond that develops between horse and rider through working as a team. Please DO NOT ban this healthy and fun activity-to do so would be a detriment to the community.
