Comments for Public Posting: I urge you not to ban bull riding in LA. The owners of these bulls take incredibly great care of these bulls. They are well trained and well fed. The veterinary care they receive is unlike any other. These bulls look forward to competing each time they have the opportunity. I know this because I have seen them loaded into the haulers. They cannot wait to go. If you follow the stories of the bulls, you would realize how much they love what they do. Again, do not ban bull riding in LA. You would be depriving the people of LA a great great experience.
