Comments for Public Posting: Bull riding does not prepare cowboys for anything in real life- it is not a necessary skill. It is cruel and barbaric, and turns riders and onlookers alike into sociopaths with no ability to feel for the suffering of other sentient creatures. It brings out and strengthens the worst social and psychological mental disease in human beings, the so-called enjoyment of the intense fear generated in these animal victims. For the welfare of ALL concerned, do not sanction or allow this sadistic spectacle.

Comments for Public Posting: I support the Los Angeles Rodeo Ban. There is no excuse for animal abuse for any reason, but it is certainly not justified for entertainment. These animals are frightened and many are injured. Thank you.
