Comments for Public Posting: Rodeos are a holdover from another time, an archaic culture, when cruelty to animals was accepted as entertainment. For many people in our modern society, this kind of treatment of the helpless beings who share our planet is no longer acceptable. If we want to teach our children compassion toward all living things, including other humans, then we cannot justify being amused by the torture of animals for profit. Ban rodeos. Move toward a new epoch in human evolution. One day, in the not too distant future, we may even find wars unthinkable.

Comments for Public Posting: I support the Los Angeles Rodeo Ban. There is no excuse for animal abuse. The rodeo industry routinely lies and underreports animal injuries and deaths. Read the L.A. Times article by Susanne Rust, California Rodeo Animals Face Violent and Deadly Casualties. Numerous other articles shed light on the truth about the harm inflicted on animals in rodeo events, such as the article by former bareback bronc rider and veterinarian, Dr. Peggy Larson, discussing the inherent cruelty of rodeos.
