Comments for Public Posting: Rodeo cares more for the animals then any peta member out there. These animals are given the best care. These animals are not abused or mistreated as many of these peta individuals claim. Rodeo is an important heritage that supports our troops, our country, our god and our family. Please keep rodeo alive in your area!

Comments for Public Posting: Heritage, Tradition, Way of Life, these are the back bone of Rodeo. Honor, Respect, Integrity, these are the back bone of the people involved in Rodeo, Ranching, Farming and Agriculture . There are so many pressing issues and challenges in this great country of ours, that spending time and resources to try and ban Rodeo seems ludicrous. This sport and western culture helps support and influences every community, every person, where Rodeos are held. The animal athletes of the Rodeo World should be the last thing anyone needs to worry about. These animals come first in everything ,the Cowboys and Cowgirls that care for animals are feeding and watering them before they eat, doctor and care for them before taking the time to take of them selves, spending time and money to nurture all the animals needs while their own family may go without. Rodeo it's not a job it's a Passion, A Way of Life, it's a Love for the Animals and the Land. Raising and providing Rodeo Animal Athletes is a Privilege and Honor to a Way of Life and our Western Heritage.

Comments for Public Posting: Rodeo is and has been a long tradition in America. The animals are treated humanely and get great care. PETA has had a history of putting animals to death.

Comments for Public Posting: PETA kills more animals in one year than have ever died in the long history of rodeo in this country.

Comments for Public Posting: Rodeo is an All American sport and pastime. The animals are treated better than most people. The animals are fed, watered and sheltered...very well taken care of. Now if you look at peta, they have killed more animals than they have "saved". That is an organization that should be disbanded, not the rodeo.

Comments for Public Posting: rodeo is a way of life. we pamper our animals more then we've ever cared for ourself. We feed our animals and take care of them and sometimes we can't even feed ourselves because of how much money we put into taking care of them. Rodeo is not abuse it is simply showcasing the horses talents and strengths with rider. And broncs aren't abused the spurs aren't sharp and there need to buck the way some dogs are bred to herd cows or sheep. It's in there blood and they love doing it. People have rode horses from the beginning of time. Taking away rodeo would take away peoples rights to do what they love. This sport is a beautiful thing, nothing happens to the animals that wouldn't happen to them in the wild. There looked after, some of these horses cost us over 200 thousand dollars. Some people say if a horse makes a bad run it's killed or if a bull bucks off a rider the same happens but simply that's not true. People say 100-300 thousand for these bulls and horses and if a bull bucks a rider off the person who owns the bull gets more money and the horse goes higher in the world rankings. After retirement even barrel horses aren't killed they stay in pastures and there taken care of regardless if they can compete and we love them until the day they pass away.
