**Comments for Public Posting:** The animals in our care are provided feed, medical care and are well cared for. These animals are part of our livelihood. Our animals work hard but are athletes, they get hot, tired, and sweaty. But they become apart of our families. We take care of them!, not harm them.

**Comments for Public Posting:** I am emailing you this morning to voice my support for Rodeo. Rodeo is an American tradition. Rodeo animals are not injured and are well cared for. I am almost 70 years old and I have spent most of my life working with livestock. Thank you for the opportunity to voice my opinion.

**Comments for Public Posting:** TO OUTLAW RODEOS IN YOUR COUNTY IS TO DENY BLACKS LIKE MYSELF THAT RODE HORSES OR SHOWED LIVESTOCK AT COUNTY FAIRS AND ENJOYED THE RODEOS. YE WOULD DISHONOR BILL PICKETS'S LEGACY TO HELP BLACK AMERICANS FULFILL THEIR DREAMS AND ESCAPE THE EVIL LIFE OF GANGS AND DRUGS. I AM INVOLVED IN TIMED EVENTS AT RODEOS OVER THE LAST 20 YEARS. THE OWNERS OF THY LIVESTOCK TREATS THEM BETTER THAN THE V.A. TREATS US VETERANS AND HAVE THE BEST VETERINARIANS ON SITE AT EACH EVENT. YE FOLKS KILLED CIRCUSES AND THY RESULTS IS ILLEGAL RACES ALL OVER INCLUDING THE TEEN DRIVERS AND INNOCENT PEDESTRIANS BEING INJURED AND KILLED. IT IS ALSO ONE OF A FEW EVENTS LEFT THAT FAMILIES OF ALL AGES CAN COME AND WATCH OR PARTICIPATE IN. IF IT WAS NOT FOR RODEOS, I WOULD HAD BECAME THY WORST NIGHTMARE IN YOUR CITY OR COUNTY AL CAPONE STYLE! SO DO NOT FORSAKE THY FOUNDATIONS THAT UNITES ALL AMERICANS LIKE FAIRS AND RODEOS PLEASE. I WAS BORN IN LOS ANGELES AND LEFT THY CITY IN 1977 BECAUSE MY DAD SAID THAT THE CITY FOLKS HATES COUNTRY FOLKS AND RATHER HAVE GANGS STEAL, RAPE AND SHOOT PEOPLE. I GUESS HE WAS RIGHT BEING MIXED BLOOD OF IRISH, CREEK, CHEROKEE AND SCANDINAVIAN 55% & 45% BLACK AMERICAN = 100% AMERICAN THAT LEFT LOS ANGELES COUNTY 46 YEARS AGO BECAUSE OF DESTROYING PLACES WHERE ALL CAN COME AND HAVE FUN. SO PLEASE DO NOT LET HISTORY REPEATS ITSELF AGAIN! SINCERELY RONNIE W. "HUCKLEBERRY" DANIELS

**Comments for Public Posting:** I am a supporter of rodeo! Rodeo is NOT cruelty to animals. If you will do your in depth research and spend some time around this sport and its contestants and animal owners, you will see these animals are treated better than most people's kids. They receive the best food, and vet care. I see more cruelty and mistreatment of animals in the back yards of people with their "pets"! That's where rights activists should be focusing! Go help save all the millions of dogs sitting in yards on chains. Go after the people who decide, oh I want a horse, then throw the horse out in a pasture and do not provide proper care! They are standing there skin and bones and/or crippled because they do not have proper foot care. LEAVE THE RODEO PEOPLE ALONE. Our animals are fed very expensive feed, money is spent every 6 weeks for proper foot care. Even the bucking horses are fed well, just notice how heavy they are while they are working! Notice their feet are trimmed and maintained as well! The bulls and the same way, big healthy muscles up animals. Many of them are treated like family as well. At home they have big green pastures to lay around and enjoy on their days off the road. The roping calves are well fed and feet taken care of. They are vetted, they've had all their proper vaccinations to grow up healthy. Rodeo is a sport of taking care of the animals that take care of us!

**Comments for Public Posting:** Rodeo. A competition of man (or woman) vs animal, man vs man. A show of way of life that isn't prevalent in the US but is part of American history. Competitors and rodeo contractors don't abuse the animals. The competitors need their horses to be in good condition and health. They love their horses like family! The stock contractors feel the same way about their animals. Competitors and stock contractors spent a lot of time with these animals and develop a close bond with the animals. I competed as a kid in some rodeo but enjoy watching it now as an adult. My hometown in Colorado is "Home of the World First Rodeo". I implore you to not ban Rodeo. Opponents don't know what happens at rodeos and are only going to exploit the rare occurrences. Yes, animals get hurt or sick. People get hurt or sick, too. Rodeo adds to the economy, from the audience to the competitors, food, gas, hotels, booths at the rodeo, etc. Don't ban rodeo from LA!

**Comments for Public Posting:** Keep Rodeo, it's not just a rodeo it's a way of life and so good for the kids that get involved. The animals are treated better than many treat their own children. What is to be gained from rodeo goes far beyond the arena. Caring for animals, pure love for our country, sportsmanship like you have never seen in any other sport and life long friendships. If you don't believe what I say go to a few and go around the contestants and their animals and see for yourself that PETA doesn't have a clue what they are talking about.
